Subject: Recent Celebrations

To all those involved,

You could not have made our 2 days any more special; from the manner I was received when I first went into Casa Mia Millennium to discuss our needs, service (and reassurance) over the phone, the welcome on arrival (very early) for the meal, the presentation of the room, the meal itself and then the delivery of the most beautiful canapés the next day.

Thank you

J.H. and J.R.
