# Pizza and Pasta Parties!

## Casa Mia offers your children education and enjoyment

As a family run business, educating children on the preparation and enjoyment of fresh food is very important to us, and our aim for the Pizza and Pasta parties is to create the perfect combination of fun and education. We strive to ensure that we pass on our passion for food to our future generation.

### What will the party include?

When the children arrive, our chef will give a demonstration on how to create their pizza or pasta, and then the children will be given the ingredients to create their own masterpiece. For the pizzas, the children will be given a round of dough to create their base, and can then choose a great selection of toppings. For the pasta, the children will be given the dough and shown how to make fresh pasta from scratch. With their aprons and chefs hats provided, the kids really will look and feel the part! The children's creations will then be cooked, and they can then take them home to show off to all the family!

Your children will then be treated to a freshly cooked, quality Italian meal. The menu includes fresh penne pasta with tomato and basil, traditional homemade Italian meatballs, pizza slices including margherita, mushroom, and ham toppings, and some chips to accompany their meal. For dessert they can then enjoy a scoop of Casa Mia's gorgeous homemade ice cream.

To make your child's birthday extra special why not include one of our best selling homemade birthday cakes in their special day? For £1 extra per child, as an alternative to the ice cream, you can choose from our Chocolate Fudge Cake or White Chocolate Cortina, with fruit decoration, sparklers and a message included.

Casa Mia balloons will be provided free of charge. Or alternatively we can arrange for some special foil balloons at an additional charge. Prices are available on request.
